

**Our Town Welcomes
Cobb Pediatric Associates
to their new home in Smyrna!**

Dr. Chris Richards, Dr. Denise Nakos and Dr. Beatrice Wilder love what they do and it shows!

OTM: Congratulations on the new location of Cobb Pediatric Associates in the Belmont Physicians Center! We understand that Cobb Pediatric Associates has been established in Austell for many years. What prompted your decision to move to a new location?

CPA: Our Austell office has served us well for over 30 years, but it was time for us to find a new and updated space. We were excited about the growth and development taking place in Smyrna, and we felt it was the ideal location for us to move the practice.

OTM: How would you describe the culture at Cobb Pediatric Associates?

CPA: Cobb Pediatric Associates employs a team-based culture, where employees and doctors work together to bring the finest healthcare possible to our patients.

OTM: You have such a solid reputation throughout our community. What do you think makes Cobb Pediatric Associates stand out?

CPA: Our outstanding staff is what makes us unique. Our physicians and many of our staff members have been a part of Cobb Pediatric Associates for 15 years or more, and we are all dedicated to providing outstanding healthcare to the children and families we serve.

OTM: We know as pediatricians you cover children's health care from A to Z but can you share with our readers some detailed information about your practice?

CPA: We treat the full range of pediatric illness and conditions, as well as routine well child care from birth through 18 years of age. We offer same-day sick and well child checkup appointments and sports physicals. We utilize the machine-based SPOT vision screener, and we offer the Niox test for asthma control, as well as, ear piercings and fluoride applications.

OTM: Your website highlights same day well child checkup appointments on the Patient Portal. This seems like such a great benefit to parents and caregivers alike.

CPA: Our patient portal is easily accessed from our website, www.cobbpedassoc.com. Parents can choose the "portal" tab at the top left of the screen to request access to the patient portal. Once access is granted, you may request appointments and prescription refills, view and update your child's medical record, pay your bill, and see banner messages.

OTM: How does your membership in Kids HealthFirst Pediatric Alliance and The Children's Care Network benefit your patients?

CPA: Kids HealthFirst Pediatric Alliance is a collaborative, information-sharing alliance of more than 200 pediatricians from 38 leading independent pediatric practices throughout the metro Atlanta area. The Children's Care Network (TCCN) is a physician-led, taxable nonprofit subsidiary corporation of Children's Healthcare of Atlanta. TCCN, Georgia's only clinically integrated pediatric network, demonstrates performance and value by emphasizing data-driven approaches to quality improvements. Through our membership in both of these organizations, we are constantly improving the quality of care that we deliver to our patients.

Please join us in welcoming
Cobb Pediatrics Associates to the community!

Cobb Pediatrics Associates, PC is located in the Belmont Physicians Center located at 1060 Windy Hill Road, Suite 200, Smyrna, Ga 30080.
